

## Haifa Cal GG Classic

Haifa Cal GG Classic by Haifa — is water-soluble calcium nitrate (15.5-0-0 + 26.5% CaO), supplying calcium and nitrate-nitrogen for firm cell structure, better quality and longer shelf-life. Buy from Agrifirst, exclusive Haifa partner for North India

### DESCRIPTION

**Haifa Cal GG Classic** is water-soluble calcium nitrate (15.5-0-0 + 26.5% CaO), supplying calcium and nitrate-nitrogen for firm cell structure, better quality and longer shelf-life. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

### Key benefits

Prevents calcium-deficiency disorders like blossom-end rot and tip-burn

Strengthens cell walls for firmer fruit and longer shelf-life

Supplies readily-available nitrate-nitrogen alongside calcium

Fully water-soluble; ideal for continuous fertigation

### Composition & how to use

#### 15.5-0-0 + 26.5% CaO (calcium nitrate)

Applied through drip fertigation throughout the crop; keep in a separate stock tank from phosphate and sulphate sources. For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.
