

Haifa Micro Hydroponic Mix

Haifa Micro Hydroponic Mix by Haifa — is a complete micronutrient mix formulated specifically for hydroponic and soilless growing systems. Buy from Agrifirst, exclusive Haifa partner for North India.

DESCRIPTION

Haifa Micro Hydroponic Mix is a complete micronutrient mix formulated specifically for hydroponic and soilless growing systems. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

Key benefits

Balanced, fully-chelated micros designed for recirculating nutrition

Consistent purity for stable EC and nutrient control

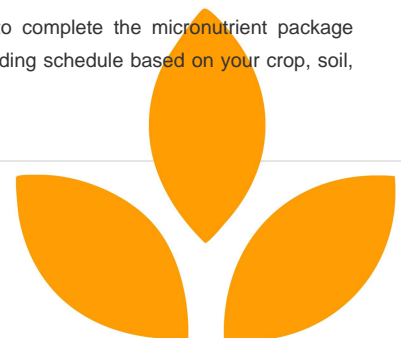

Prevents micronutrient deficiencies in soilless media

Dissolves completely — no residue in the system

Composition & how to use

chelated micronutrient mix for hydroponics

Added to the hydroponic nutrient solution to complete the micronutrient package alongside macro fertilizers like Multi-K Reci and MKP. For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.

Best-suited crops

Hydroponic leafy greens, tomato, cucumber, capsicum and strawberry.

Why buy Haifa Micro Hydroponic Mix from Agrifirst?

Agrifirst is the **exclusive Haifa partner for North India**. You get 100% genuine Haifa product, expert crop-nutrition guidance and reliable doorstep supply — plus a tailored program that gets the most out of every application.
