DESCRIPTION

HaifaStim Combat boosts plant resilience against abiotic stress such as heat, drought and salinity, helping crops keep performing under pressure. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

Key benefits

Improves tolerance to heat, drought and salinity

Reduces yield and quality loss during stress periods

Helps plants recover faster after stress

Supports steady performance in tough conditions

Composition & how to use

anti-stress biostimulant

Applied ahead of or during known stress periods (heat waves, water stress, salinity). For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.

Best-suited crops

All high-value crops exposed to abiotic stress.
