

HaifaStim HumiK

HaifaStim HumiK by Haifa — is a humic-substance and potassium biostimulant that improves soil condition, root activity and nutrient uptake. Buy from Agrifirst, exclusive Haifa partner for North India.

DESCRIPTION

HaifaStim HumiK is a humic-substance and potassium biostimulant that improves soil condition, root activity and nutrient uptake. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

Key benefits

- Improves soil structure and root-zone activity
- Enhances nutrient availability and uptake efficiency
- Supplies potassium alongside humic substances
- Supports healthy, productive root systems

Composition & how to use

humic + potassium biostimulant

Applied through fertigation to condition the root zone and improve nutrient uptake. For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.

Best-suited crops

All crops, particularly on poor-structured or low-organic soils.

Why buy HaifaStim HumiK from Agrifirst?

Agrifirst is the **exclusive Haifa partner for North India**. You get 100% genuine Haifa product, expert crop-nutrition guidance and reliable doorstep supply — plus a tailored program that gets the most out of every application.
