

## HaifaStim KIR

HaifaStim KIR by Haifa — is a potassium-rich biostimulant that supports fruit sizing, colouring and overall quality in the reproductive stage. Buy from Agrifirst, exclusive Haifa partner for North India.

### DESCRIPTION

**HaifaStim KIR** is a potassium-rich biostimulant that supports fruit sizing, colouring and overall quality in the reproductive stage. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

### Key benefits

Boosts fruit size, colour and uniformity

Supports the crop through the demanding fruiting phase

Improves potassium efficiency and quality outcomes

Easy to integrate into fertigation or foliar sprays

### Composition & how to use

#### potassium-rich biostimulant

Applied during fruit set, sizing and ripening for quality and marketable yield. For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.

## Best-suited crops

Grape, pomegranate, tomato, capsicum and other fruiting crops.

### Why buy HaifaStim KIR from Agrifirst?

Agrifirst is the **exclusive Haifa partner for North India**. You get 100% genuine Haifa product, expert crop-nutrition guidance and reliable doorstep supply — plus a tailored program that gets the most out of every application.
