

HaifaStim VIM

HaifaStim VIM by Haifa — is a vitality biostimulant with micro-nutrition that keeps plants active and productive under challenging conditions. Buy from Agrifirst, exclusive Haifa partner for North India.

DESCRIPTION

HaifaStim VIM is a vitality biostimulant with micro-nutrition that keeps plants active and productive under challenging conditions. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

Key benefits

- Sustains plant vitality and activity under stress
- Combines biostimulant action with micronutrition
- Supports consistent growth and quality
- Fits routine fertigation and foliar programs

Composition & how to use

vitality biostimulant with micronutrition

Applied through the crop cycle, especially during demanding or stressful stages. For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.
