

Multi-K GG

Multi-K GG by Haifa — is Haifa's greenhouse-grade potassium nitrate — a fully water-soluble source of potassium and readily-available nitrate-nitrogen, the two nutrients crops need in the largest amounts. Buy from Agrifirst, exclusive Haifa partner f

DESCRIPTION

Multi-K GG is Haifa's greenhouse-grade potassium nitrate — a fully water-soluble source of potassium and readily-available nitrate-nitrogen, the two nutrients crops need in the largest amounts. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

Key benefits

Supplies potassium and nitrate-nitrogen together in a single, balanced product

Free of chloride and sodium — safe for salt-sensitive crops and clean for drip lines

Improves fruit size, colour, firmness and shelf-life, lifting market grade and price

Strengthens the plant's tolerance to drought, frost and disease

Composition & how to use

13-0-46 (potassium nitrate)

Applied through drip fertigation across the crop cycle, with higher rates during flowering and fruit development; can also be foliar-sprayed. For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.

Best-suited crops

Tomato, capsicum, cucumber, chilli, banana, grape, pomegranate, citrus, potato, leafy greens and most polyhouse vegetables and fruit crops.

Why buy Multi-K GG from Agrifirst?

Agrifirst is the **exclusive Haifa partner for North India**. You get 100% genuine Haifa product, expert crop-nutrition guidance and reliable doorstep supply — plus a tailored program that gets the most out of every application.
