

Multi-K Rec

Multi-K Rec by Haifa — is a potassium nitrate formulated for recirculating and hydroponic systems, with very low sodium for precise, reliable nutrient control in closed-loop growing. Buy from Agrifirst, exclusive Haifa partner for North India.

DESCRIPTION

Multi-K Rec is a potassium nitrate formulated for recirculating and hydroponic systems, with very low sodium for precise, reliable nutrient control in closed-loop growing. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

Key benefits

Ultra-low sodium — prevents salt build-up in recirculating solutions

Consistent, high purity for stable EC and nutrient balance

Ideal for NFT, drip-to-drain and soilless systems

Supplies potassium and nitrate-nitrogen without chloride

Composition & how to use

low-sodium potassium nitrate

Used in hydroponic and recirculating nutrient solutions where sodium accumulation must be minimised. For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.

Best-suited crops

Hydroponic leafy greens, tomato, cucumber, capsicum, strawberry and soilless-grown crops.

Why buy Multi-K Recipro from Agrifirst?

Agrifirst is the **exclusive Haifa partner for North India**. You get 100% genuine Haifa product, expert crop-nutrition guidance and reliable doorstep supply — plus a tailored program that gets the most out of every application.
