

Multicote Premier

Multicote Premier by Haifa — is Haifa's premium polymer-coated controlled-release fertilizer, delivering continuous, efficient nutrition from a single application for months with minimal leaching. Buy from Agrifirst, exclusive Haifa partner for North

DESCRIPTION

Multicote Premier is Haifa's premium polymer-coated controlled-release fertilizer, delivering continuous, efficient nutrition from a single application for months with minimal leaching. As part of Haifa's globally trusted specialty range, it is manufactured to consistent, high-purity standards and is fully water-soluble for clog-free fertigation.

Key benefits

One application feeds the crop for months — fewer doses, less labour

Temperature-driven release matched to plant demand

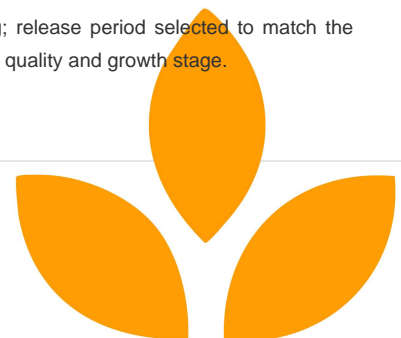

Minimises nutrient leaching and losses; high efficiency

Steady growth without flush or salt-burn

Composition & how to use

polymer-coated controlled-release NPK

Incorporated into soil or growing media at planting; release period selected to match the crop cycle. For best results, Agrifirst agronomists will build a crop-specific feeding schedule based on your crop, soil, water quality and growth stage.

Best-suited crops

High-value horticulture, nursery and containerised plants, vegetables and ornamentals.

Why buy Multicote Premier from Agrifirst?

Agrifirst is the **exclusive Haifa partner for North India**. You get 100% genuine Haifa product, expert crop-nutrition guidance and reliable doorstep supply — plus a tailored program that gets the most out of every application.
